

# INTRODUCTION

This training course delves into the newly established ISSB (International Sustainability Standards Board) standards, specifically IFRS S1 and S2, focusing on their implications, gains, and compliance requirements for organizations globally.

## **FACILITATORS**

Iheanyi Anyahara (PhD, FCA) Director, Financial Reporting Council of Nigeria

Simon Messenger CEO, 1Planet Advisory Market Engagement Fellow, ISSB Lead, Net Zero Banking Alliance (NZBA)

### TRAINING OBJECTIVES

The objective of this course is to provide participants with a comprehensive understanding of the newly introduced International Sustainability Standards Board (ISSB) sustainability disclosure standards, enabling them to grasp the significance of these standards in enhancing corporate sustainability reporting practices.

### LEARNING OUTCOME

By the end of this course, participants will gain insights into the key features and requirements of the ISSB sustainability disclosure standards (IFRS S1 & S2) and understand how to implement them effectively within their organizations. They will also develop the necessary skills to navigate the complexities of sustainability reporting in line with international standards.

#### WHO SHOULD ATTEND?

This course is suitable for sustainability professionals, corporate executives, finance professionals, auditors, and anyone involved in corporate sustainability reporting and compliance.

# **COURSE OUTLINE**

#### INTRODUCTION TO ISSB REPORTING STANDARDS

- ◆ Overview of the recently introduced ISSB disclosure standards
- ★ Key objectives, implementation pillars, adoption timelines
- ◆ Overview of current jurisdictional responses, local regulations, and implications of Nigeria's early adoption

#### GAINS AND BENEFITS OF ISSB STANDARDS

Explore the advantages and benefits associated with the adoption of ISSB Sustainability disclosure standards, investment opportunities and reputational capital, etc.

## **IFRS S1 (GENERAL REQUIREMENTS) AND IFRS S2 DEEP DIVE**

Analyze IFRS S1 and S2 in detail, focusing on the basic disclosure requirements, reliefs and other compliance considerations, including possible implementation challenges.

- ◆ Offer insights into practical preparedness steps that businesses and institutions should be taking.
- ◆ Requirements on trainings, capacity, data and collaborations
- Policies and strategy that support effective implementation
- → Harmonizing with other disclosure standards
- ◆ Future of climate disclosure in the new ISSB dispensation

#### ISSB ADOPTION - THE CASE IN NIGERIA

- ◆ Insights on the Nigeria ISSB Adoption Roadmap
- ◆ Insights on the roles of Financial and Sustainability Practitioners in the Implementation of the new Standards
- ◆The Benefits of Early Adoption to the Nigerian Economy
